

VERTICAL ODYSSEY — HIMALAYAN EXPEDITIONS

OFFICIAL DESIGN SYSTEM & BRAND STYLE SPECIFICATION GUIDE

Overview: Core design tokens, typography rules, and color palettes implemented across the Vertical Odyssey portal.

1. Typography Specifications

Font Family	Applied Role	CSS Selector	Vibe & Character
Oswald Google Fonts (300-700)	Primary Headings, Brand Logos, Big Numbers, Hero Text	font-heading font-display	Bold, condensed alpine mountaineering aesthetic
IBM Plex Mono Google Fonts (300-600)	Body Text, Navigation Links, Badges, Altitude Metrics, Coordinates	font-mono body (default)	Technical, precision GPS datalog & telemetry feel
Font Awesome 6 Vector Icon CDN	UI Icons, Waypoint Arrows, Compass, Safety Badges	fa-solid, fa-regular	Clean vector mountaineering iconography

2. Color System (Default Dark Mode — Alpine Slate)

Token Role	Hex Code	Color Name / Swatch	Usage & Target UI Elements
Accent (Primary)	#F06225	Summit Orange	CTA Buttons, active menu links, highlight badges, custom scrollbar
Accent Hover	#D04E1B	Deep Burnt Amber	Hover & active focus states for buttons & interactive items
Background (Main)	#1B1E22	Dark Slate / Carbon	Main application & page background canvas
Surface / Card	#22252A	Slate Graphite	Expedition cards, container backgrounds, popups & modals
Header / Dark	#16181B	Midnight Obsidian	Top navigation backdrop with blur filter, footer base
Border / Divider	#2E3239	Steel Outline	Card border strokes, separator dividers, table borders
Foreground Text	#F3F4F6	Ice White / Off-White	High-contrast primary body text, titles, hero copy
Muted Text	#9CA3AF	Cool Grey	Metadata, descriptions, coordinates, secondary subtitles

3. Color System (Light Mode Variant)

Token	Hex Code	Role & Application
Background	#F9FAFB	Crisp snow white background canvas
Foreground	#111827	Deep charcoal / near-black high-contrast text
Card / Surface	#FFFFFF	Pure white card containers with subtle drop shadow
Border	#E5E7EB	Clean soft grey outline
Accent	#E04F1A	High-contrast alpine orange for light backgrounds
Muted Text	#4B5563	Balanced slate grey for metadata and secondary labels
